

POWERplus

SOLAR - USB POWERED FM RADIO - MP3 PLAYER

CROW

POWERplus® Crow

Solar – USB powered

FM Radio – MP3 Player

The POWERplus Crow is a portable FM radio, MP3 Player (through USB or micro SD (TF) card) and LED flashlight combined in one design.

The POWERplus Crow can be powered by USB (USB charger or USB port of your computer, not included) or by the external solar cell. The EVA material pouch protects the radio and external cell during transport.

Charging by included external solar cell or by USB

EVA material protective transport pouch with zipper and carrying cord

Display and illuminated buttons

Powerful integrated LED flashlight

Replaceable Li-Ion 1.200 mAh 18.650 type rechargeable battery

Product functions:

- FM scan radio with station memory
- MP3 Player (through USB or micro SD (TF) card)
- Clock function
- Flashlight
- Earphone connection
- Replaceable Lithium-Ion battery (18650 type) battery
